“ Brandon lived with my grand daughter, Kaylynn, and great grandson Bentley, and I for a few years. He was really good with Bentley. He took him fishing with him here (Union Lake) when he was as young as a year old, right off shore. He liked being involved with Bentley even after Kaylynn and him broke up. Generally we got along ok, but I had to remind myself how young he and Kaylynn was yet and had some years ahead of them to mature more, unfortunately this will not happen now for him. He has been robbed of that opportunity. My heart aches for Leora, Don and the family, for I am very familiar with losing a child. Prayers for healing and comfort for all of them . You will never forget Brandon, and neither will I.

“ Mr. And Mrs Bull. I'm so sorry to hear about Brandon. From one parent to another I know how horrible it is to loose a child, you might as well rip your heart out to make it not hurt so much. Believe me the only thing that will get u two through this is alot of prayers from friends and family. My heart goes out for u guys. Always remember that Gods Angel's always wraps their wings around our children to protect them until we see them again. Love u guys. Kris saxman from rite aid

“ I miss you so much, things are never going to be the same without you. remember when we stayed at the lake in the tent and the next day you, david, gary and Kyle caught a snapping turtle and killed it and you guys placed it in front of our tents hanging from the tree, you demanded David and them to take it down before I got home because you didnt want me upset

Or when we first got together and every Friday i would pick you up from career center and we would go to KFC and then go to ghe lake house. Or the time we went to my prom and we didnt stay for the whole thing because we missed Bentley so much and just wanted to spend time with him.

The times we planned all 3 birthday parties for Bentleys

Or when we went to the lake with Christy and her boyfriend Jordan. We had so much fun.

All the times we went to the lake with Gary, Kayla, Emilio and ask our kids.

Or when we went to Michigan adventures together,

It`s just not fair why does it have to be you , youuu were loved by many, the 3 years with you want long enough and the 6 years i was in the family. Please come back
